EARTH OASIS

With Earth Oasis, you always feel like you're on vacation. The warm earth tones arouse a summer feeling. Natural and traditional materials connect you with the wealth of the earth. They provide a perfect harmony between inside and outside and transport you immediately to sun-drenched faraway places.

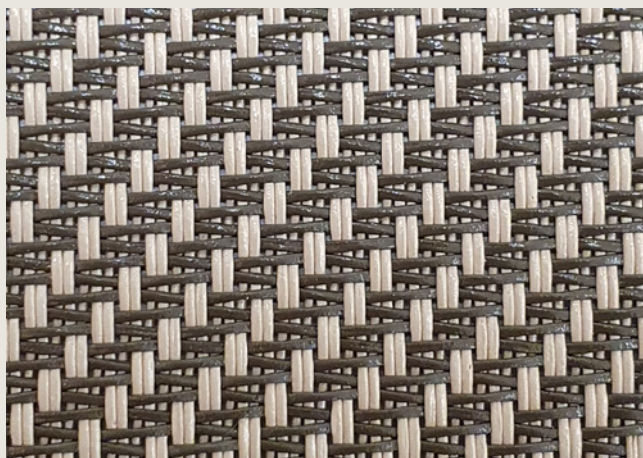

Terracotta literally means “baked earth. It has been used for centuries for vases and pitchers. This material is all over again and charms with its natural, artisanal look.

IDYLLIC GARDEN

Idyllic Garden takes you on a walk through the garden. Sober greys and subtle greens inspired by plants give this style a contemporary look and bring you to rest in the midst of nature. Green is the color in which the human eye recognizes the most variations in.

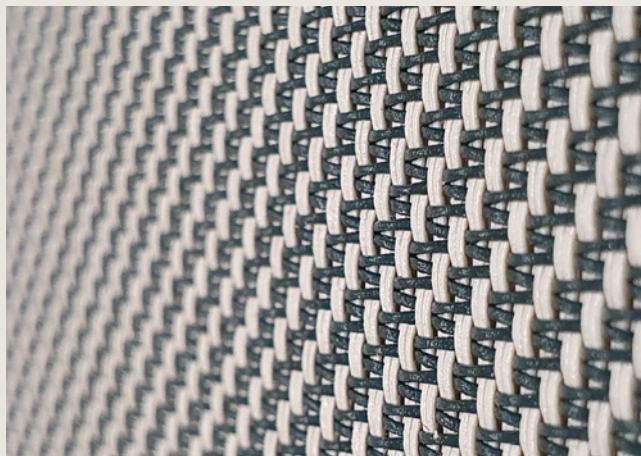

Moreover, green has a relaxing effect. Therefore we selected for Idyllic Garden a varied palette of harmonious shades of green. An elegant, airy character with a southern European touch is the result.

SPIRITUAL HARMONY

A minimalist style in a dark color palette: that's Spiritual Harmony. For the colors and materials, we took our inspiration from Japanese traditional architecture. The result is an intimate contemporary architecture that balances mind and body and creates a protective, calming atmosphere.

Drinking tea in Japan is a real ritual that takes several hours and consists of a precise sequence of meticulously performed steps. Enjoy the seasons even more consciously, experience the energy of spring and the richness of autumn as never before.

CRYSTAL LOUNGE

Crystal Lounge is sleek and minimalist. The fresh green tones evoke an airy feeling, which is enhanced by the light material palette. This creates a modern, light architecture that blurs the boundaries between outside and inside. It is for those who loves pure nature, fauna and flora.

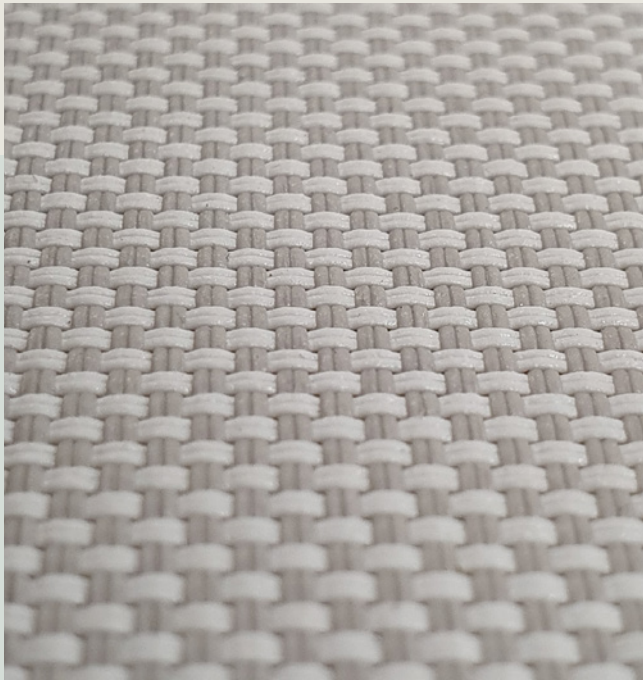

A garden room is like
a never-ending movie
starring nature.
Enjoy how the sun plays
between the branches,
or how plants gently
sway with the wind.

TECH COCOON

Tech Cocoon is radically contemporary and young, but with a warm side. Contemporary design goes into dialogue here with dynamic and playful colors such as soft coral. A sense of pure transparency prevails, with an emphasis on technical materials such as glass and metal. Full of energy and fresh as the scent of a freshly peeled citrus fruit: that is what Tech Cocoon is like. This surprising style gives your patio cover a spicy urban look.

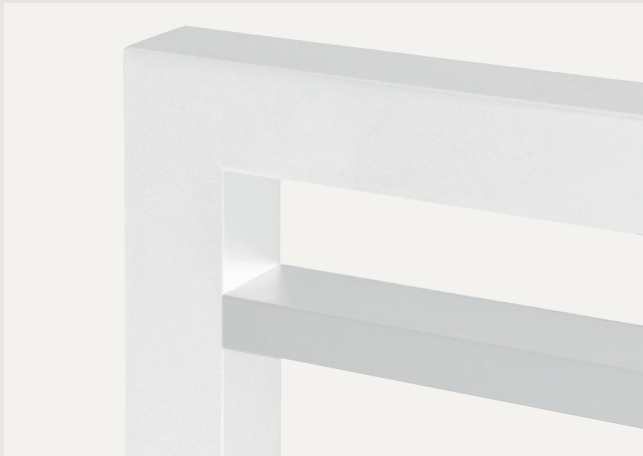

Tech Cocoon brings you a young design with a certain flair. Gradations from soft coral to terracotta pink give this space a southern atmosphere where it is relaxing. Bring on those aperitifs!
